## KLAW & ERLANGER **REVIVE "BEN-HUR"**

### Gen. Wallace's Famous Novel Dramatized at Manhattan Opera House.

Klaw & Erlanger last night brought back to the Manhattan Opera House "Ben-Hur." which is just now beginning its eighteenth season, a remarkable good for a play in these days. The famous scenes, now indorsed by no less a critic than Billy Sunday, were as effective as ever. The scenery, whether of the charlot race or the galleys, was viewed with enthusiasm by the audience. William Young's version of the famous novel by Gen. Lew Whilace has served to interest the public for many years, and there is no reason to doubt that the latest revival will find as many admirers in the present generation of theatre-

acting of the various roles, as

The acting of the various roles, as well as the scenery and musical accompaniment, was of the character which the public associates with the productions of Klaw & Erianger, who have been so successful with this play.

The Standard Theatre is the scene of the promised return to the metropolis of "The Stlent Witness," which has been highly praised in Boston since it was first seen here. Otto Hauerbach's play is presented by the same excellent company that was engaged in the previous New York performances.

"Just a Woman" is again to be seen in this city, and was last night the attraction at the Bronx Opera House. Mabel Brownell now enacts the role which was played for so many weeks by Josephine Victor when the play was at the Forty-eighth Street Theatre last winter.

# You Can't Fool Labor, Mr. Calamity Howler

Read the Republican advertisements in today's papers for your own amusement.

# THEN CONSIDER THESE FACTS:

Peace and Prosperity under the Wilson Administration have brought wages to the highest level reached in the history of this or any other country, according to the cold, indisputable facts recorded in the books of the United States Labor Depart-

About 20,000,000 wage-earners of the country are now in the full enjoyment of an increase of close to \$5,000,000,000 annually over any period of the "protected" tariff rule under Roosevelt's and Taft's Administrations.

During both of these Administrations common labor received as low as 14 cents an hour, and the wages of "one-tenth of the workers of the country were not more than \$1000 a year, the wages of one-half of the workers less than \$500 a year, or considerably under what has been computed to be a living wage."

The average earning now of the unskilled worker is from \$965 to \$1,110 annually.

The average annual earning of the skilled worker is from \$1,250 to \$2,100. The highest average for skilled workers is \$2,250 a year.

# WHAT OUR FOREMOST TARIFF **EXPERT SAYS:**

Prof. Irving Fisher, head of the Department of Economics at Yale University. and a famous authority on the tariff, ir, a signed statement says:

"'FOREIGN COMPETITION' AF-TER THE WAR IS A GOOD BOGEY TO FRIGHTEN CHILDREN WITH.

"THE TRUTH IS THAT THE WAGE EARNER HAS IN GENERAL MADE LESS PROGRESS WHEN OUR TARIFF HAS BEEN HIGH THAN WHEN IT HAS BEEN LOW, AND THAT WAGES IN 'PROTECTED' INDUSTRIES HAVE RANKED WITH THE LOWEST IN THE COUNTRY.

"IN EUROPE WE FIND THE COUN-TRIES WITH THE HIGHEST TARIFF HAVING THE LOWEST WAGES.

"Who are these would-be Champions of Labor, who ask its votes for another Payne-Aldrich tariff? Not the laboring men themselves, not disinterested students economics. They are those whose 'special' interests would be served by another Payne-Aldrich tariff. In some instances, at least, as I happen to know, these interests are trying to coerce their employes to vote for Hughes."

-Dem. Nat. Com.
